

## Automatic feeding lines

### Automatic feeding lines

---

Automatic feeding line for easy open, open top, easy lift and easy peel lids for seamers with autonomy up to 90 minutes and speed up to 1000 epm.

The line is composed by unwrapper and automatic feeder with capability of lids loading up to 3 seamers simultaneously.

### Linee automatiche di caricamento

---

Linea automatica di alimentazione coperchi per macchine aggraffatrici con autonomia fino a 90 minuti e velocità fino a 1000 cpm.

Linea composta da unwrapper e da alimentatore automatico con possibilità di caricamento coperchi fino a 3 aggraffatrici contemporaneamente. Coperchi easy open, open top, easy lift e easy peel.

## Automatic feeding lines - Technical specification

### Machine model

|  |  |
|--|--|
| AFL01: Unwrapper + Belt Feeder                   | AFL02: Unwrapper + Push Feeder         |
| AFL01 handled component: Ø52 ÷ Ø155 mm           | AFL02 handled component: Ø52 ÷ Ø155 mm |
| Component type: easy open - open top - easy lift | Component material: steel/aluminium    |

### Dimensions

|                       |                      |                       |
|-----------------------|----------------------|-----------------------|
| Height: variable size | Width: variable size | Length: variable size |
|-----------------------|----------------------|-----------------------|

### Technical data

|                        |                              |                              |
|------------------------|------------------------------|------------------------------|
| Capacity: 20 ÷ 90 min  | Air pressure: 6 BAR          | Output speed: up to 1000 epm |
| Power: 10 KW - 400 VAC | PLC panel: Siemens/Schneider |                              |

### Modello macchina

|  |  |
|--|--|
| AFL01: Unwrapper + Belt Feeder                         | AFL02: Unwrapper + Push Feeder                 |
| AFL01 formato componenti: Ø52 ÷ Ø155 mm                | AFL02 formato componenti: Ø52 ÷ Ø155 mm        |
| Tipologia componenti: easy open - open top - easy lift | Materiali componente: banda stagnata/alluminio |

### Dimensioni
